

**EGIS GROUP ACQUIRES SUNLAND,  
a Hong Kong-based leading engineering consultancy and specialist in  
offering comprehensive engineering solutions with expertise in MEP  
consultancy and Energy/Carbon audit**

**Hong Kong, 31 January 2022**

Egis Group, an international construction engineering and mobility services group with EURO 1.07bn annual turnover and a global workforce of 16,000 employees (2020), has acquired on 30 November 2021, the entire capital of Sunland. AL (International) Company Limited (“Sunland”), a Hong Kong-based company providing building services and engineering designs.

With the aspiration to be the leading engineering consultancy in Building Services Engineering and Environmental Sustainability, Sunland has been delivering professional excellency since 2004 in Hong Kong. Sunland is headquartered in Hong Kong and has established footprints across Mainland China. Equipped with decades of experiences and the qualification of Band 1 AACSB building services engineering consultant, Sunland serves the public and private sectors and across industries, including commercial and retail sectors, healthcare, institutional, industrial facilities, hospitality, residential and many more.

Andrew Li Ka Yip, the Seller and CEO of Sunland, will continue as Sunland’s Executive Director and MEP Leader Greater China.

Egis’ CEO of Egis Asia Pacific Dr. Hongyu Li commented on the acquisition, “We are excited to have Sunland onboard. Localisation is key to bringing our global knowledge to local markets, this is part of our Group Strategy to 2026, particularly for mature international markets such as Hong Kong and Mainland China. We look forward to extending our multidisciplinary services to our partners and prestigious clients in the region.”

Furthermore, Mr. Andrew Li, the Founder and Director of Sunland concluded the acquisition with remarks, “We are also delighted to further to develop Sunland by joining the big family Egis. Their global vision, technology and skillset will help us to become one of the top tier professionals in the region.”
